

The Research Bureau

Worcester
ALMANAC

2020

The Worcester Regional Research Bureau is pleased to present the sixth annual *Worcester Almanac*—our compendium of information of all things Greater Worcester. A local, not-for-profit organization, The Research Bureau’s mission is to serve the public interest of Greater Worcester by conducting independent, non-partisan research and analysis of public policy issues to promote informed public debate and decision-making. We undertake the *Worcester Almanac* each year to provide government officials, residents, businesses, and institutions an easy-to-use source for current and trend data on a range of civic concerns.

We would like to thank all those who provide data for this project. If there is any fact or figure about Greater Worcester that you would like to see included in the *Worcester Almanac*, please contact us at wrrb@wrrb.org. To learn more about our activities or to read our reports, you can visit our website at www.wrrb.org, follow us on Twitter (@WRRBureau), or like us on Facebook (The Research Bureau).

If you believe in the importance of informed local governance and would like to sponsor our efforts, please send a contribution to:

Worcester Regional Research Bureau, Inc.
390 Main Street, Suite 208
Worcester, MA 01608

Image Courtesy of PENTA Communications.

The Worcester Regional Research Bureau offers its thanks to the generous sponsors of its work, including the *Worcester Almanac*. Now in its 6th edition, the *Worcester Almanac* has become a critical resource for municipalities, businesses, institutions of higher education, non-profit and civic organizations, and the general public. We could not continue our efforts without the civic-minded dedication of our many partners in Greater Worcester. Their continued support of The Research Bureau is a clear measure of the vitality and character of our community and its commitment to good governance.

The year 2020 is an important year for us at UniBank. It marks 150 years of service. Service to the community, service to our customers, and service to our employees. When you turn 150 years old, you cannot help but look back at a storied history.

While we celebrate and recognize the work and accomplishments of our past – it is those quintessential elements of who we are that we draw inspiration for our own efforts and mission ahead – elements of hard work, ethics, values, commitment and service to others, a resiliency in the face of adversity, humility in our success, and vision of what we are called to do and be, so that our community (Greater Worcester, MetroWest, Blackstone Valley), not only survives and sustains itself, but continues to flourish and thrive for the betterment of all.

While the global pandemic we face today presents its own challenges, it is not the first storm we have weathered as a bank and community. The Civil War was a recent memory to our founders, having ended in 1865. We withstood the 1918 influenza epidemic, The Great Depression, both World War I and World War II, the Cold War, and 9/11. We have seen economic ups and downs, and still, we are here.

Worcester is uniquely positioned for economic prosperity!

Manufacturing, Healthcare, Education, Technology. We are the home to some of the most respected businesses and global thought leaders in these industries and with good reason. Success builds success. As a mutual community bank who has been serving Central Massachusetts for 150 years, we at UniBank are uniquely positioned to help. The strong relationships we have forged over those years gives us great pride. We know that those relationships, us leaning on each other, are what will carry us all into a brighter future.

UniBank is a proud supporter of Worcester and the Worcester Regional Research Bureau who publishes the *Worcester Almanac*—their compendium of information of all things Greater Worcester.

Onward and Upward for greater prosperity for our home, the Central Massachusetts Community.

Yours,

Michael Welch
CEO, UniBank

Government

City of Worcester Government

The City of Worcester operates under a Council-Manager form of government with a popularly elected Mayor, known as a modified Plan E form of government. The Worcester Public Schools (WPS) system is a quasi-independent department of the City.

The City Council is the City's legislative body while the City Manager serves as chief executive officer. The City Council is made up of 11 members—six elected citywide (or at-large) and five elected from districts. The Mayor is the candidate who receives the most votes in the mayoral election and wins an at-large City Council seat. All at-large candidates are automatically entered into the mayoral race, and have the option of withdrawing their name from consideration for Mayor. In addition to his or her role as City Councilor, the Mayor serves as the ceremonial head of the government and chairs both the City Council and School Committee. The City Council hires the City Manager and can remove him or her by majority vote. The City Manager hires all City employees (except the City Clerk, City Auditor, and WPS employees), oversees City operations, and presents the City Council with an annual budget that must be approved by June 30 of each year. The City Council has the authority to reduce the City Manager's proposed budget, but not increase it. The approved budget must be balanced.

The Worcester School Committee is the WPS's legislative body while the Superintendent of Schools serves as chief executive officer. The School Committee consists of the Mayor and six elected at-large members. The School Committee sets districtwide school policies, votes on the district budget, and hires and removes the Superintendent.

City Council and School Committee elections are held in odd-numbered years.

Voter turnout in the City of Worcester varies depending on the type of election. Municipal elections, which are held in odd-numbered years, experience the lowest turnout. Only 17.2% of registered voters turned out in November 2019 to vote for the Mayor, City Council, and School Committee. State elections, which occur in even-numbered years, and especially elections including the election for President, experience the highest turnout. 63.5% of Worcester’s electorate voted in the November 2016 general election and 44.7% of registered voters turned out for the 2018 election.

Tax Classification

The City of Worcester taxes property based on the following classifications: residential, commercial, industrial, and personal. Property that is owned by nonprofit institutions, as determined by Massachusetts General Law 156B, are exempt from paying property taxes as long as the property is fulfilling the non-profit mission of the organization.

Residential property is property used for human habitation and includes accessory land or buildings that are exclusively used by the residents of the property or their guests. **Commercial** property is used for business purposes including but not limited to commercial, retail, trade, service, recreational, agricultural, artistic, sporting, fraternal, governmental, educational, medical or religious purposes. **Industrial** property includes property used for manufacturing, milling, converting, producing, processing, extracting, or fabricating materials to create commercial products or materials. **Personal** property is trade stock, machinery used for business, and all furnishings and effects not kept at an individual's residence.

Worcester: Property Tax Rates, FY20*	
Type	Fiscal Year 2020
Residential	\$17
Commercial/Industrial/Personal Property (CIP)	\$35.16

* Rates are per \$1,000 of value.

Source: City of Worcester.

Tax Shift

The City of Worcester has a dual tax rate, which assesses residential and commercial/industrial/personal (CIP) property at different rates. Under Massachusetts law, communities are limited in their ability to shift the tax burden among classes to ensure that the burden is not shifted solely onto one side. A single tax rate is represented by a factor of 1.

Worcester: Tax Shift, FY20

In Greater Worcester, only the City of Worcester and the Town of Auburn tax commercial and industrial properties at a higher rate than residential properties. Auburn has voted to decrease the gap between the two rates over the last few years. Additionally, Auburn is the only municipality in Greater Worcester that taxes Personal Property and Commercial/Industrial Property at different rates.

Worcester: Principal Taxpayers, FY19

Unfunded Liabilities

Upon retirement, Massachusetts state and municipal employees are eligible for pension and other post-employment benefits (OPEB), such as health care. Each year, Massachusetts governmental entities must determine current costs (pension and benefits provided to existing retirees) and future costs (pension and benefits owed upon retirement to current employees, as determined by actuaries) to determine total liability.

The City of Worcester, like most municipalities, has struggled with outstanding pension and OPEB liability. In 1992, the Commonwealth of Massachusetts offered grant funding to cities and towns that committed to a schedule to eliminate unfunded pension liability. The City of Worcester accepted the offer, committing itself to full pension funding by 2028. In light of the financial downturn, in 2010 the Commonwealth offered cities and towns a waiver on the original plans, which allowed Worcester to extend its schedule to June 30, 2032.

Worcester: Pension Liability	
Total Pension Liability	\$1,506,336,758
Funded Portion of Pension Liability	\$904,465,777
Funded Pension Obligation	60.0%

Source: City of Worcester Comprehensive Annual Financial Report, June 30, 2019

While pension liabilities must be forward-funded, Massachusetts does not mandate that municipalities address OPEB liabilities. Under the City's Seven-Point Plan, Worcester contributes 30% of "free cash"—the surplus remaining after the end of the fiscal year—to be deposited into the OPEB Trust. If "free cash" is not available, no funds are deposited. As a result, Worcester's outstanding liability increases annually and is projected to exceed \$2.5 billion within the next 30 years.

Worcester: Other Post-Employment Benefit Liability	
Total OPEB Liability	\$918,642,242
Funded Portion of OPEB Liability	\$17,430,104

Bond Rating

In order to borrow money, municipalities issue bonds that are purchased by investors for a guaranteed return over time. Bond ratings serve as third-party evaluations of a bond issuer's ability to repay the bond according to the terms. Three primary rating agencies—Fitch Ratings, Moody's Investors Service, and Standard & Poor's Rating Service—evaluate most municipal bonds. Bonds are given ratings ranging from a high of "AAA" or "Aaa" to a low of "C" or "D". Worcester's ratings indicate attractive, high grade bonds that are considered at low risk of default.

Worcester: Bond Ratings, 2019	
Rating Agency	Rating

Worcester: Budgeted Revenues in Millions of Dollars, FY20

Source: City of Worcester.

Worcester: Budgeted Expenditures, FY20

City Budget
\$685.7 million

The City’s final FY20 budget was \$685.7 million. City leadership has discretion over only a small part of the City’s expenditures. A significant portion of the City’s annual budget is fixed obligations to education, pensions, and debt service.

Education
\$395.3 million
(58%)

City Services
\$166 million
(24%)

Fixed Costs
\$124.3 million
(18%)

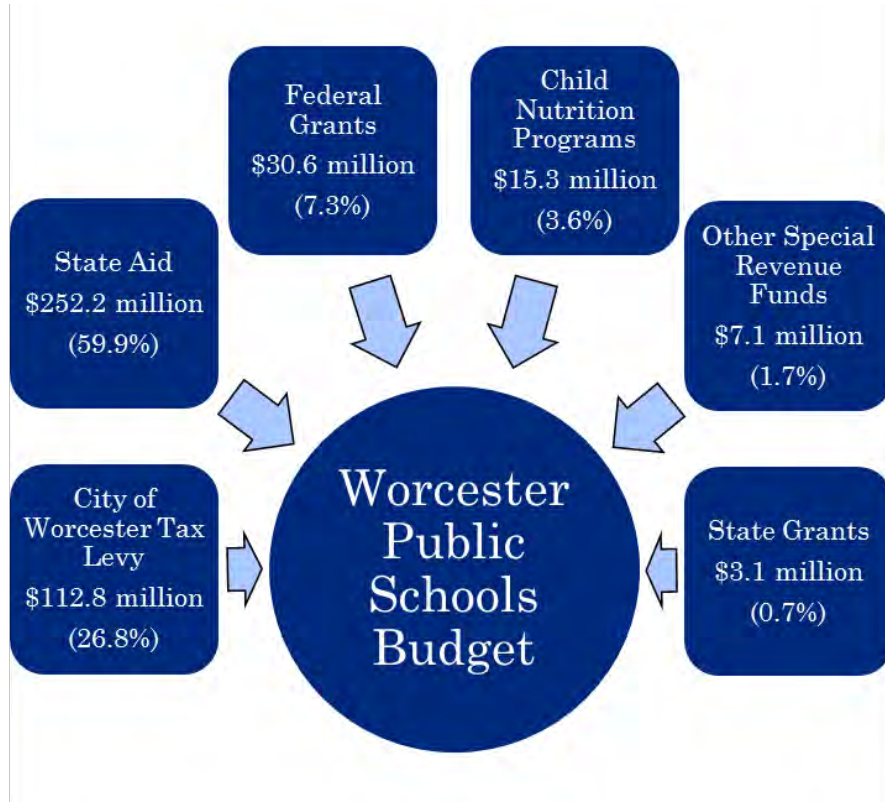

The City of Worcester is heavily dependent on local property tax revenues and state aid for education. State education funding is established by the Commonwealth’s Chapter 70 formula, which provides education subsidies to cities and towns using standardized criteria including the characteristics of local school-age populations and municipal finances. In 2015, the Commonwealth’s Foundation Budget Review Commission called for changes to the formula.

In 2019, the Massachusetts Legislature passed the Student Opportunity Act which provided the first substantial update to the education formula since 1993. Many districts, particularly Gateway Cities, would be receiving a substantial funding increase for public schools. For example, the Worcester Public Schools should receive an estimated \$97.9 million over the next seven fiscal years.

Source: City of Worcester.

The Worcester Public Schools allocation within the City budget is augmented by available Federal, State, and other outside grants.

Worcester: Population by Race & Ethnicity, 2018

“Worcester Population by Race & Ethnicity, 2018” illustrates Worcester’s population by both race and ethnicity. It indicates that people who identify as Hispanic or Latino make up approximately 21% of Worcester’s population, however it does not account for their racial composition and therefore may undercount certain racial categories.

Worcester’s Middle Income*

The Pew Research Center defines middle income, or middle class, as households between 67% to 200% of the state median income. In Massachusetts, with a median household income of \$77,138, a middle class household income would range from \$51,843 to \$154,334. The Census Bureau does not divide income groups into lower, middle, and upper income categories and its household income categories do not allow for exact determinations. However, the chart below uses the closest categories to approximate The Pew Research Center’s definition of middle income for Worcester. In 2018, approximately 52% of Worcester households were in the middle income range, 39.8% of Worcester households were in the lower income range, and 8.3% of Worcester households were in the upper income range.

<i>Income Ranges</i>		
Lower Income: \$0—\$34,999	Middle Income: \$35,000—\$149,999	Higher Income: \$150,000+

Worcester: % of Households by Income Level, 2009 - 2018

Sources: U.S. Census Bureau, 2018 5-Year American Community Surveys.

***According to Pew Research Center:**

“**Middle income or middle class?** The terms “middle income” and “middle class” are often used interchangeably. This is especially true among economists who typically define the middle class in terms of income or consumption. But being middle class can connote more than income, be it a college education, white-collar work, economic security, owning a home, or having certain social and political values. Class could also be a state of mind, that is, it could be a matter of self-identification (Pew Research Center, 2008, 2012). The interplay among these many factors is examined in studies by Hout (2007) and Savage et al. (2013), among others.”

Source: Pew Research Center, *Social and Demographic Trends*, <http://www.pewsocialtrends.org/2015/12/09/the-american-middle-class-is-losing-ground/>, Accessed March 2016.

According to the U.S. Census Bureau, 21.1% of Worcester’s population is below the poverty level, while 10.8% of the Massachusetts population and 14.1% of the United States population is below the poverty level. The weighted average poverty threshold for a family of four in 2018 is \$26,370. Poverty is defined using pre-tax income.

Greater Worcester: Chapter 40B Subsidized Housing Inventory*

Massachusetts General Laws Chapter 40B was adopted in 1969 as part of the Massachusetts Comprehensive Permit Act to encourage and facilitate the building of affordable, long-term housing for low-income individuals and families across the Commonwealth and to ensure that low-income residents can remain in their localities if housing costs increase. The law calls on every Massachusetts community to ensure that 10% of all housing units meet certain affordability requirements.

*As of September 2017. Red line indicates 10% threshold called for under Chapter 40B. Source: Massachusetts Department of Housing & Community Development.

Education

A STRATEGIC PLAN FOR EDUCATION IN WORCESTER

AN OVERVIEW

2018-2023

Culture of Innovation

All students will have access to high quality learning experiences which leverage effective approaches

Academic Excellence

All students will have access to rigorous and personalized learning supported by technology

Welcoming Schools

All students will gain a holistic set of skills and be supported by a network—inclusive of their families and the community—to realize their personal, academic, and professional goals

Investing in Educators

All students will be supported by effective educators who demonstrate leadership and commitment to enhancing student learning and development

Technology & Operations

All students will learn in an efficient and fiscally sound district

Where We're Headed

WPS STUDENTS WILL

Current 2023

31% → 47%

MEET/EXCEED EXPECTATIONS ON 3RD GRADE ELA MCAS

65% → 76%

ENROLL IN POSTSECONDARY OPPORTUNITIES^B

17% → 14%

REDUCE CHRONIC ABSENTEEISM

1:4 → 1:1

ACCESS TECHNOLOGY (STUDENT TO DEVICE RATIO)

WPS WILL

INCREASE PER PUPIL EXPENDITURE BY

↑ 8%

INCREASE NUMBER OF HIGH PERFORMING SCHOOLS BY

↑ 20%

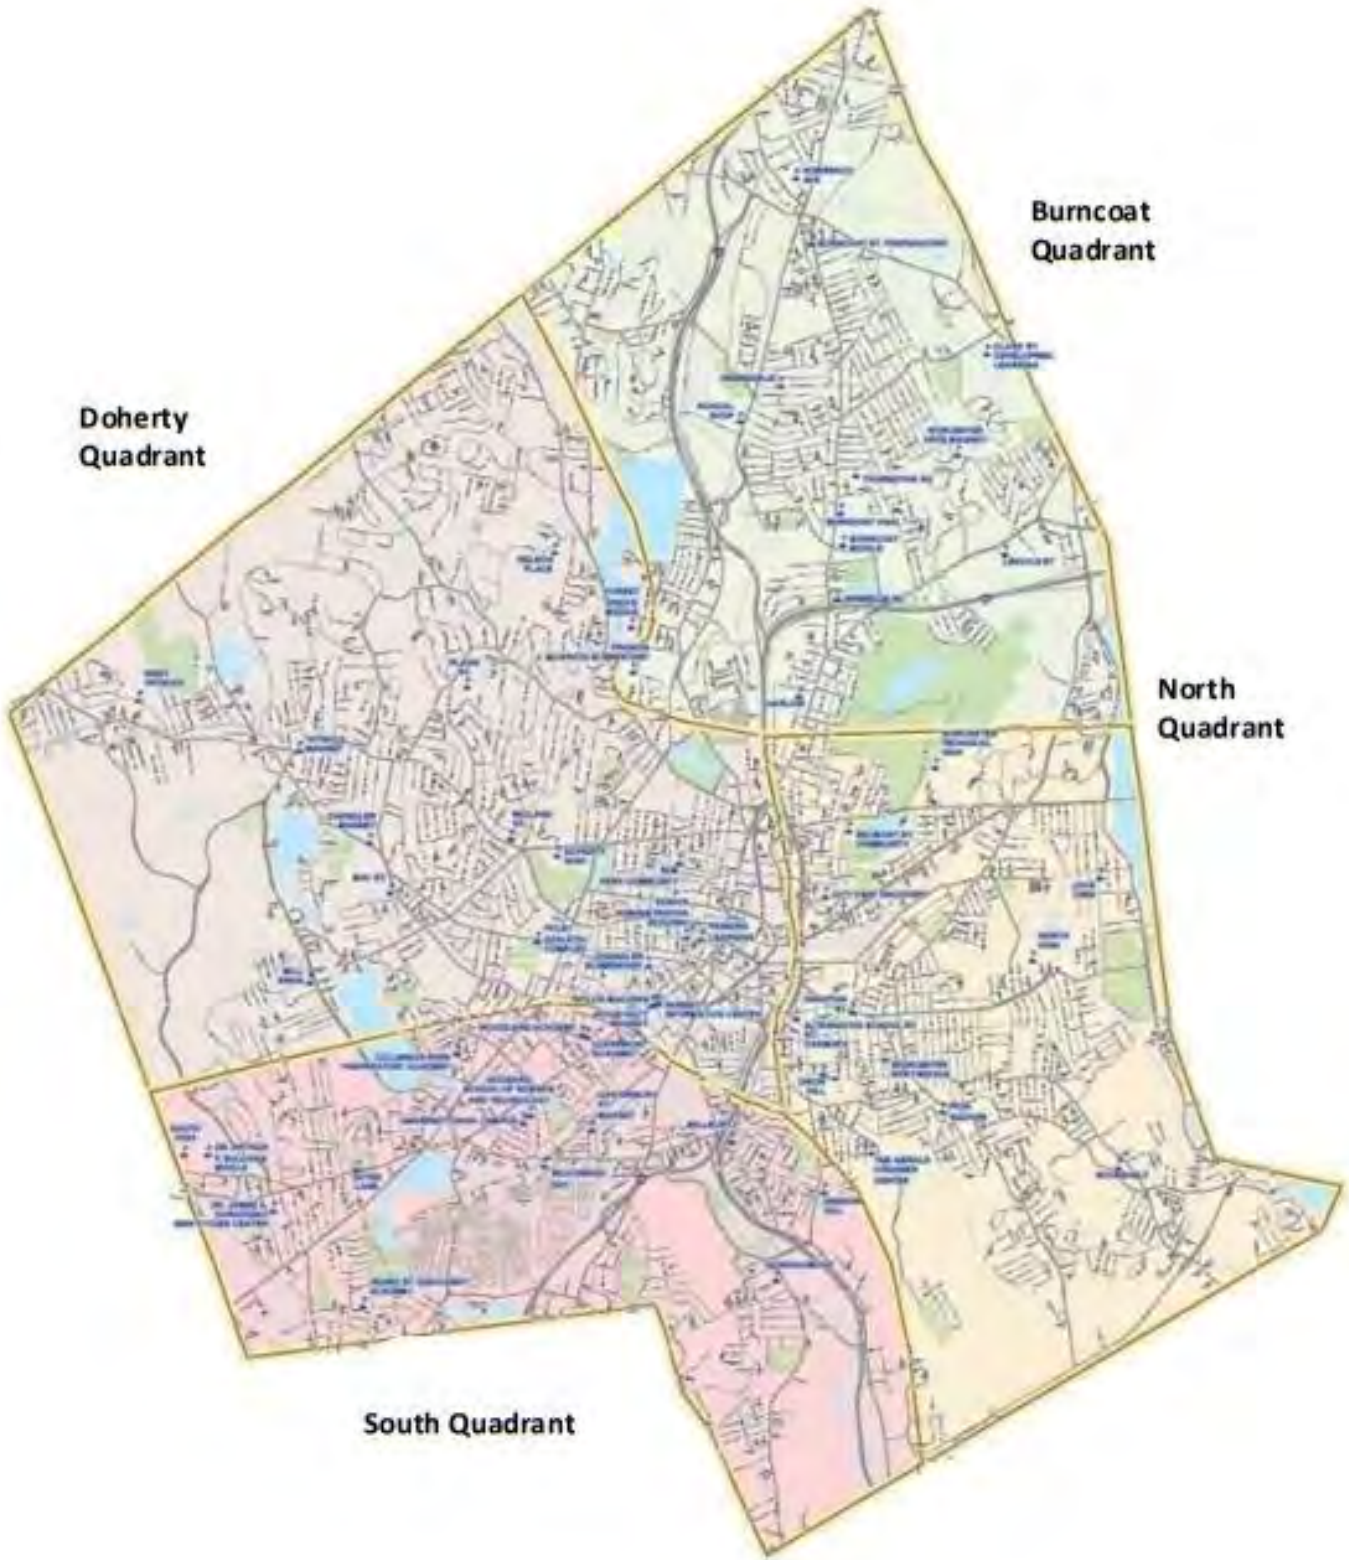

INCREASE DIVERSITY OF NEW HIRES BY

↑ 25%

In 2017, the Massachusetts Department of Elementary and Secondary Education began administering the Next-Generation Massachusetts Comprehensive Assessment System (MCAS) tests. The charts below explain the levels of achievement and compare Worcester student results with those of the rest of the Commonwealth. However, students in grades 5, 8, and 10 took the previous version of the science, technology, and engineering tests (using the previous achievement levels of advanced, proficient, needs improvement, and warning/failing) and grade 10 also took the older version of the MCAS test for English and Math.

General Achievement Level Definitions—Next-Generation Tests (Starting 2017)		
Achievement Level	Scaled Score	Definition
Exceeding Expectations	530-560	A student who performed at this level exceeded grade-level expectations by demonstrating mastery of the subject matter.
Meeting Expectations	500-529	A student who performed at this level met grade-level expectations and is academically on track to succeed in the current grade in this subject.
Partially Meeting Expectations	470-499	A student who performed at this level partially met grade-level expectations in this subject. The school, in consultation with the student's parent/guardian, should consider whether the student needs additional academic assistance to succeed in this subject.
Not Meeting Expectations	440-469	A student who performed at this level did not meet grade-level expectations in this subject. The school, in consultation with the student's parent/guardian, should determine the coordinated academic assistance and/or additional instruction the student needs to succeed in this subject.

The Worcester Regional Transit Authority (WRTA) was established in September 1974 to contract for the operation of mass transportation facilities and services in the Worcester region. It is the second largest regional transit authority in Massachusetts, serving 37 communities. While the WRTA owns the facilities and rolling stock, the organization contracts with Central Mass Transit Management, Inc., and Paratransit Brokerage Services, Transit Management Inc. for the provision of services.

Greater Worcester: Other Notable Sport Achievements and Milestones, 2019

The City of Worcester, the Boston Red Sox Triple-A affiliate, and the Commonwealth of Massachusetts announced that the Pawtucket Red Sox will relocate to Worcester in 2021 to a new publicly owned baseball stadium known as Polar Park. Construction on the park was halted on April 1, 2020 due to the COVID-19 pandemic. After 7 weeks, construction resumed and the Worcester Redevelopment Authority Board was informed that the project is still on schedule for its original opening day in April of 2021. In February of 2020, the Council approved a revised financing plan that includes a Community Benefits Agreement signed by the City of Worcester, Worcester Red Sox, and Worcester Community-Labor Coalition, the first-ever agreement for a development project in Worcester, outlines commitments to local hiring, sourcing, environmental protections, accessibility, and more.

Construction of Polar Park was originally estimated to cost approximately \$101 million however, increased costs left a gap of roughly \$30 million. It is estimated that \$9.4 million will be covered by the Worcester Red Sox and the remaining will be the responsibility of the City of Worcester. The Worcester City Council approved an additional \$31.99 million loan order to address this gap. The City of Worcester expects that no existing tax-levy money will finance the project because the private development, spurred by additional tax relief plans, will be larger than originally slated and will phased in more quickly.

The National Historic Preservation Act of 1966 established the National Park Service's National Register of Historic Places, a list of the nation's historic sites to facilitate public and private efforts to identify, evaluate, and protect historic and archeological buildings and properties. According to the National Park Service, listing on the National Register of Historic Places imposes no restrictions on what a non-federal owner may do with the property up to and including destruction, unless the property is involved in a project that receives federal assistance through funding or licensing/permitting.

Appendix I

A Focus on Children

A Focus on Children is an addition to *The Worcester Almanac* derived from conversations with youth-serving organizations as well as the Greater Worcester Community Foundation. The goal of this section is to highlight those factors affecting young people, so that policymakers and practitioners can address the challenges impacting our future civic leaders. This section will grow and change over time as new issues and opportunities are identified and new connections are made between data and public policy.

Worcester: Children by Age, 2018

Mobility refers to students transferring in or out of public schools during the school year for reasons other than grade promotion. A large number of students moving in and out of a school can be very disruptive to the fulfillment of academic goals for the individual student and for all students as teachers work to make sure everyone is in the same place in the curriculum. To measure mobility, the Massachusetts Department of Elementary and Secondary Education uses these three measurements:

- Intake (Transfer-in) Rate: Number of students who enroll in district after start of school year
- Churn Rate: Number of students transferring in or out during school year
- Stability Rate: Number of students who stay in the district throughout the school year.

Worcester: Mobility Rates, 2019					
	Churn/Intake Enroll	Percent Churn	Percent Intake	Stability Enroll	Percent Stability
All Students	27,250	15.8	8.4	25,740	91.4
Economically Disadvantaged	17,883	18.5	9.7	16,786	89.8
High Needs	22,390	17.8	9.6	20,983	90.5

Explanation of Terms

In-school suspension: a disciplinary action that removes a student from participation in school activities for 1 day or more. Students suspended remain in school but are removed from academic classes and placed in a separate environment during their suspension.

Out-of-school suspension: a disciplinary action that removes a student from participation in all school activities, including after school activities, for at least one day, not to exceed 90 days in a school year. Students are not allowed on school grounds during their suspensions.

Emergency Removal: removing a student from school temporarily when a student is charged with a disciplinary offense and in the principal's judgement, the continued presence of the student poses a danger to persons or property, and substantially disrupts the order of the school, and, in the principal's judgment, there is no alternative available to alleviate the danger or disruption. An emergency removal shall not exceed two day past the student's removal from school.

Expulsion: a disciplinary action imposed by school officials to permanently remove a student from participation in all school activities. Student is ineligible to return to school. There were no expulsions listed for Worcester on the Department of Elementary and Secondary Education website for 2017-2018 as of 3/21/2019.

Greater Worcester: Chapter 40B Subsidized Housing Inventory*

Massachusetts General Laws Chapter 40B was adopted in 1969 as part of the Massachusetts Comprehensive Permit Act to encourage and facilitate the building of affordable, long-term housing for low-income individuals and families across the Commonwealth and to ensure that low-income residents can remain in their localities if housing costs increase. The law calls on every Massachusetts community to ensure that 10% of all housing units meet certain affordability requirements.

*As of September 2017. Red line indicates 10% threshold called for under Chapter 40B. Source: Massachusetts Department of Housing & Community Development.
