

# The Research Bureau

## PRESS RELEASE

**For release March 1, 2010**

For further information, contact Roberta Schaefer, 508-799-7169

The Worcester Regional Research Bureau announced today the 2010 recipients of the Thomas S. Green Public Service Award.

**Brian Breveleri, Forestry Division, Worcester Department of Public Works & Parks**  
**Donald Brown, Worcester Public Schools**  
**Ellen Dalbeck, Worcester Department of Public Works & Parks**  
**Edward J. McGinn, Worcester Police Department**  
**Judith Sikes, Holden Town Manager's Office**

The Research Bureau's Award Committee, chaired by Demitrios M. Moschos, selected the recipients.

This year, The Research Bureau honors five employees who have made outstanding contributions to public service. We have opened the awards not only to City of Worcester employees but also to employees of contiguous towns. A distinguished public servant employed by the Town of Holden and four from Worcester's ranks have been chosen. The Awards are made to publicly recognize the efforts of individuals exhibiting the following characteristics:

- ❖ Exceptional competence and efficient handling of all assigned responsibilities.
- ❖ Willing performance of tasks above and beyond the call of duty.
- ❖ Friendly, helpful, and cooperative attitude toward the public and fellow employees.
- ❖ Distinguishing himself/herself from other employees.
- ❖ Volunteer community service outside the scope of job-related responsibilities. (Important, but not required.)

The awards ceremony will take place at Assumption College in Worcester on Wednesday, March 31, 2010 at 5 p.m. It is free and open to the public. A reception in honor of the recipients will follow. Please RSVP to 508-799-7169 or via email [info@wrrb.org](mailto:info@wrrb.org)

Roberta R. Schaefer, The Research Bureau's President & CEO, said, "The Bureau is pleased to sponsor this annual award whereby business, civic, and community leaders from Worcester and the region can salute the dedicated service of public employees. These awards let public employees know that exceptional service is recognized and appreciated."

The Green Awards are named in memory of Thomas S. Green, a founder of The Research Bureau, and director from 1985 until his untimely death in 1987. Mr. Green was a civic leader for many decades and a Vice President of Norton Company (now Saint-Gobain). This is the twenty-first annual Green Awards presentation.

The Research Bureau, which was founded in 1985, serves the public interest of the Greater Worcester region by conducting independent, non-partisan research and analysis of public policy issues to promote informed public debate and decision-making.
